

Outline Volunteering provides guidence to farmers

Half of the user are related to farming and majority are facing problems

Previous crop insurance schemes are not fruitful

Not many people buy organic product as its very costly

**Thinks** 

Most of the people reside in cities

Organic products are very costly.Who will buy from us?

Unable to pay bank loans is one of the major problem related to irrigation ana also to farmers suicide

Chemical based farming is not good choice do we have?

India's Agricultural Crop Production Analysis(1997-2021)

Weeding using rudimentary tools

When they fail to do the above things they commit suicides

Banks are not provding proper financial user

Perishable produce is spoiled quickly if not bought

Crop rotation

Mulching

Farmers should be given right to decide the price of the products

Even if we take loan how are we going to repay it if we are not getting any return from selling produce

**Feels** 

## \*\*\*

Does

What behavior have we observed? What can we imagine them doing?

What are their fears, frustrations, and anxieties? What other feelings might influence their behavior?
